# DIRECTADMIN RND(PTR) KAYDI AÇMA

Directadmin üzerinde PTR (rDNS) kaydı açmak için admin seviyesindeyken “DNS Administration” kısmına giriş yapıyoruz.

The screenshot shows the DirectAdmin web interface. At the top, there's a navigation bar with icons for Home, Webmail, Password, Help, Files, and Logout. Below this is a search bar with the text 'contains' and buttons for 'Domain' and 'User'. The main content area is divided into three sections: Server Management, Admin Tools, and Extra Features. In the Admin Tools section, 'DNS Administration' is highlighted with a red box. On the right side, there's a sidebar with 'Access Level' set to 'Admin Level' and a table showing system usage statistics.
